

TARDIS

ENVIRONMENTAL UK

Tardis 2000 litre clean water towable bowser

Can feature either pin hitch or ball type tow connection, please inform us of your choice when ordering

Towable Bowser Dimensions

3.4 Meters Long 2 Meters Wide 1.8 Meters High

Tardis towable water bowzers offer a great no mains water supply alternative. The bowzers are well suited for construction sites and events. The bowzers are available with on-demand electric water pumps / petrol driven pumps to provide a water supply solution for toilet blocks and site welfare cabins. The bowzers provide a clean water supply and Tardis offer a tankered water refill service.

Site Towable Bowser Legal Basics

Has hand brake

1" outlet

Brake away cable (customer to supply)

The bowser is designed to be towed off road on sites

Tow pin connector

It can be towed on roads as long as it's empty, weight empty does not exceed 750kgs

The bowser does not have lights fitted so a light board is required (Customer to supply)
